Website & Telehealth Disclosure

MetroMed WeightLoss Solutions is a virtual, nurse practitioner–led medical weight management practice providing individualized care through telehealth services. Information presented on this

website is for educational purposes only and does not constitute medical advice, diagnosis, or treatment. Participation in any program does not guarantee specific health outcomes, and results may vary based on individual medical conditions, adherence, and clinical factors.

All prescription medications, including GLP-1 therapies, are provided only when clinically appropriate following a comprehensive evaluation by a licensed healthcare professional. Treatment decisions are based on medical history, current health status, and professional clinical judgment. Patients should consult their healthcare provider regarding any personal medical concerns.

Telehealth services may not be appropriate for all medical conditions and do not replace emergency or in-person care when needed. If you are experiencing a medical emergency, call 911 or seek immediate emergency medical attention. Services are available only in states where the provider is licensed to practice.

MetroMed WeightLoss Solutions prioritizes responsible prescribing, patient education, and evidence-based medical care designed to support sustainable, long-term health outcomes.
